FROM THE CO-FOUNDERS

Dear Valued Clients,

Winter is when the Mediterranean falls quiet and the world beyond it comes into focus. Across warmer seas, mornings begin at anchor, the water is clear enough to see the reef below, and **the day unfolds at your own pace.**

Thailand is our favourite for the season. Along the Andaman coast, limestone cliffs rise from turquoise water, secluded beaches appear around the next headland, and evenings end beneath a sky far from the lights of shore.

Further west, the **Caribbean** brings a different kind of escape - long stretches of white sand, lively islands and warm trade winds. In the **Maldives**, days are spent between coral reefs and secluded atolls, with little more than the sound of the sea around you. The **Bahamas** offer endless shallow bays, hidden beaches and the freedom to move from one island to the next.

For a journey beyond the familiar, **Raja Ampat** reveals a wilder side of Indonesia, where jungle-covered islands rise from some of the richest waters on earth. And along **Egypt's Nile**, the experience moves from tropical waters to ancient landscapes, with temples, villages and centuries of history lining the riverbanks.

In this year's winter collection, we have brought together a selection of yachts suited to each of these destinations, from relaxed island-hopping to journeys that take you far beyond the usual routes.

We invite you to explore these destinations and discover where your next winter journey might take you.

With warm regards,

Judith Estrella
& Joan Farell

BAHAMAS

The Bahamas are made for days close to the water. Across the Exumas and beyond, sandbanks appear with the tide, beaches stretch along low-lying cays and sheltered anchorages **invite a slower pace**. A private yacht lets you explore a **different island each day,** with time for a swim, a shore lunch or simply staying where you are.

Bahamas

The Bahamas invite you to spend more time in the water, from encounters with **nurse sharks** and **colorful reefs** to **hidden caves** and quiet stretches of sand. Swim in the clear shallows around **Compass Cay**, explore the **underwater chambers of Thunderball Grotto**, or spend an afternoon **fishing** before returning to the yacht as the light begins to fade.

There is always another island to discover, another bay to anchor in or another reason to stay in the water a little longer. A lunch by the sea at **Staniel Cay,** the famous swimming pigs of **Big Major Cay**, and a sunset drink on a secluded sandbank are just some of the moments that make a Bahamas charter so varied.

Explore the Abacos' sheltered cruising grounds or the pink-sand shores around Eleuthera and Harbour Island.

Every visit to the Bahamas feels like a new discovery — from hidden beaches and pristine cays to secret sandbanks that appear with the tide. At Charter & Dreams we'll create a bespoke itinerary for you.

Maldives

The Maldives is a world of **endless blue**, where coral reefs, white-sand islands and clear waters create a landscape that feels almost **suspended between sea and sky.** Depending on the atoll and season, guided outings may offer encounters with **manta rays or whale sharks.**

Beyond the reefs, **deserted islands and secluded sandbanks** provide a sense of **space and privacy**, with little to interrupt the silence but the sound of the sea. As evening falls, a beach dinner can be arranged where local access and permissions allow, or guests can dine on deck beneath the stars.

Each Maldivian atoll is a world of its own — from Baa's UNESCO Biosphere Reserve to Ari's legendary dive sites.

The first time I went diving in the Maldives I was stunned by the sheer variety of marine life. It's a destination where nature truly feels alive, and every charter becomes a journey into another world.
